

Metropolitan Opera HD Live Saturday Matinee Performances

Hi All

Larry and I have been busy working the past 11 months to bring Metropolitan Opera HD Live Saturday Matinee Performances to Kona.

We wanted to get the Metropolitan Opera Live broadcasts to a theater in Kona (just like they are in Honolulu, throughout the mainland, and 51 other countries throughout the world.)

We finally succeeded! The satellite/special projector were tested last month and it is all ready to go for our first performance! I've attached a schedule for your information and so you can share it with your music loving friends.

All productions are co-presented by the Aloha Performing Arts Company and the Kahilu Theater Foundation. All the other arts associations such as the Kamuela Philharmonic, Kona Music Society, Arts of Kona, Early Music Hawaii, etc. are on board with us and are offering us links on their websites and free publicity in their events programs, which is really HUGE.

We hope to see you some time at one of the operas. This was something, we feel, that was missing in Kona and it will make a lot of people happy, especially those who use to fly to Honolulu for their "opera thrill".

Tickets are available at box office or www.gohollywood.com

A hui hou,

[Sonia & Larry](#)
